

23 March 2022

Dear parent/carer

Re: Sixth Form Parents' Evening Thursday 31 March 2022

On Thursday 31 March 2022, we will be hosting our Sixth Form Parents' Evening. This is a crucial moment for you to discuss your child's progress with each of their teachers. The focus of the discussion will be on each student's progression towards their target grades.

In order to ensure everyone's continued safety, this event will be held virtually. We will be using the software, 'School Cloud Parents' Evening', to book and host the online Parents' Evening.

At home, you will need an electronic device with camera and microphone capabilities (such as a laptop, tablet or smartphone) alongside a broadband connection or mobile telephone connection with data.

Prior to the evening we will require you to book appointments for each of your child's subjects.

You can book these appointments:

by clicking this direct link, [SchoolCloud - The Dukeries Academy](#)

by visiting <https://thedukeries.schoolcloud.co.uk>

or by your son/daughter booking directly with their teachers.

The Parents' Evening booking system will open on Wednesday 23 March at noon and close on Wednesday 30 March at noon.

Please note that if your child has more than one teacher for a subject, you will be able to book an appointment with any of the teachers, you will only need to see one teacher per subject. When you have booked all your appointments, please keep a note of your times for reference on the evening.

Prior to your first appointment on the evening, you will need to have returned to the link for your appointments. When you log back in, your appointments will be available, and you can select them at the appropriate times throughout the evening. Please note that each appointment will be **eight minutes** long and the

software will end this once the timer reaches zero. This is important as it ensures that all students and their families have an opportunity to discuss their progress. If anything becomes clear throughout the evening which requires more than this length of time to discuss, please arrange with the teacher another opportunity to discuss further.

We recommend that you optimise your bandwidth on the evening to ensure that the video call is the best possible quality. If you are using a broadband provider, we recommend that all other devices which make use of the bandwidth are switched off. This includes other laptops, tablets or phones not being used for the video call, smart CCTV or doorbells, and Smart TVs. By turning these off, you prevent the dilution of the bandwidth and ensure that the call is the best quality that you can. We also recommend that you either use an ethernet cable where possible, or remain close to your WIFI router if you are using wireless. If you are using a mobile phone network provider, then we recommend that you find the optimum location within your house to get the best reception.

In addition to the step by step guide we have attached, further advice on how to book and attend appointments can be found by clicking here;

[Video Appointments: Parents - How to attend appointments over video call - SchoolCloud Parents Evening \(parentseveningsystem.co.uk\)](https://parentseveningsystem.co.uk/parents-evening-appointments-over-video-call)

Or by visiting <https://support.parentseveningsystem.co.uk/article/801-video-parentshow-to-attend-appointments-over-video-call>.

Yours sincerely

Mr Ged Rae
Principal
