

12 September 2022

Dear parents/carers

Re: Y10 and Y11 Supporting Success Evening 1; Thursday 22 September 2022, 6.00pm-7.00pm

Our mission as an Academy is to **“transform lives by inspiring excellence and maximising opportunities for all”**, and is underpinned by our core TDA Academy values of Integrity, Ambition and Excellence. To that end, we are extending an invitation to you and your child to attend our Supporting Success Evening 1 between 6.00pm-7.00pm on Thursday 22 September 2022.

The evening will contain a programme of short activities and information sharing and is designed to equip you and your child with a firm grasp of revision skills and styles to support their success during their exam studies. There will be sections including;

- An overview of the GCSE grading system to support understanding of student target grades.
- How vocational courses and grades are different to GCSE.
- Attitude to learning – what behaviour may look like at home linked to Attitude to Learning grades on school reports.
- How to use a knowledge organiser effectively as retrieval practice.
- Demonstration and application of different written revision techniques by the English and Science Faculty Leaders.
- Registration, demonstration and application of online revision platforms including Seneca and Hegarty Maths by the Humanities and Maths Faculty Leaders.

There will also be a range of takeaway revision artefacts from the evening, including knowledge organisers and other resources, for your child to utilise as part of their home learning in preparation for their mocks and exams.

Please join us from 5.30pm onwards in the Concert Hall for light refreshments before enjoying a useful and engaging set of workshops linked to your child's progress.

Kind regards

Mrs Emily Rosaman
Vice Principal
