Maths (Foundation)

**FORMATIVE
SUMMATIVE
MOCK**

	Year 10	Year 11
Autumn 1	Rearranging equations, Solving inequalities and Simultaneous equations.	Indices and standard form including converting to and from standard form, applying operations to standard form and using standard form in contexts and applications
	Indices up to and including brackets to powers, Factors Multiples and Primes.	Integers, powers and roots including basic surds. Congruence and similarity.
Autumn 2	Surface Area of polygons including trapezia, circles and sectors. Volume including cylinders and cones. Probability including tree diagrams, Venn diagrams and sample spaces. Representing and analysing data including averages, averages from frequency tables, scatter graphs, pie charts and pictograms	Constructions including triangles, bisectors of lines and angles, bearings, including back bearings and Loci. Representing and analysing data including bar and line charts, averages, averages from frequency (and grouped frequency) tables, scatter graphs, pie charts and pictograms
	Mock Exam	Mock Exam
Spring 1	Angles including parallel lines, polygons and sectors. Pythagoras theorem 2, applications and contexts.	Vectors including column vectors, translations and problem solving contained therein
	Trigonometry including finding angles and sides, context problems and applications.	Rounding estimation and truncation. Fractions, decimals and percentages.
Spring 2	Rounding truncation and estimation	Speed, distance and time. Estimation and limits of accuracy, bounds
	Percentages 3 including percentage increase and decrease. Simple and compound interest. Reverse percentages.	Compound measures and plans and elevations. Collecting like terms, solving 2 and 3 step equations including unknowns on both sides and those including brackets
Summer 1	Indices and standard form including converting to and from standard form, applying operations to standard form and using standard form in contexts and applications	Angles on parallel lines, Trigonometry and Pythagoras.
	Mock revision season	Exam revision
Summer 2	Mock season	GCSE Exams
	QLA work	GCSE Exams

Maths (Higher)

	FORMATIVE SUMMATIVE MOCK	Year 10	Year 11
Autumn 1		Pythagoras finding each missing side and using these in context. Inequalities involving solving problems with upper and lower bounds.	Algebraic proof, proof by contradiction and geometric proof.
		Simultaneous equations both by elimination and substitution. Direct and Inverse proportion involving lengths, areas and volumes.	Representing and analysing data. Histograms, cumulative frequency, averages from frequency tables including grouped data. Box plots. Vector geometry up to and including collinearity
Autumn 2		Index laws and standard form including applying operations to standard form and using these in context. Percentages including reverse and compound. Probability – tree diagrams, Venn diagrams and basic set theory.	Functions. Composite and inverse functions and solving problems contained therein. Quadratic equations, factorising, formula and completing the square. Transformations of functions including exponential and trigonometric functions
		Mock Exam	Mock Exam
Spring 1		Representing and analysing data including averages, scatter graphs, averages from grouped frequency tables, bar charts, histograms, cumulative frequency diagrams and box plots.	Negative and fractional index laws and standard form.
		Surds including all operations, brackets, solving equations, rationalising.	Equations of tangents to curves and circles using simultaneous equations. Circle geometry.
Spring 2		Sine and Cosine rules and solving problems therein.	Solving inequalities graphically. Solving inequalities involving quadratics and in context problems including proof. Graphs of quadratic functions. Integer values to inequalities.
		Quadratic expressions, equations and graphs including solving via factorising, formula and completing the square with some application.	Similarity and congruence. Direct and inverse proportion involving areas and volumes.
Summer 1		Algebraic fractions, equations of lines and circles and circle theorems.	GCSE revision
		Mock revision	GCSE exams
Summer 2		Mock exams	GCSE exams
		QLA work.	N/A

MOCK

Year 10

Year 11

Autumn 1

Research project comparing two different hospitality establishments (one commercial and one non-commercial)

Extended writing task (40 minutes)

Autumn 2

Working in the hospitality industry (1.2)

- Create job descriptions and person specifications for key positions
- Skills audit matching personal attributes to job roles

Written test (45 minutes)
Short and extended answer questions

Spring 1

Formative Assessment:

- Risk assessment practical activity
- Create health and safety information posters
- Hazard spotting exercises using kitchen scenario

Summative Assessment:
Case study-based assessment

Spring 2

Focus: Food safety (1.4)

- Food safety workbook activities
- Temperature monitoring practical exercises
- HACCP flow diagram creation

Combined theory and practical assessment

Summer 1

Focus: Combined topics and exam preparation

- Past paper questions
- Mind mapping exercises

Focus: Introduction to Unit 2 practical skills

- Basic cooking skills assessments
- Recipe modification tasks
- Time management exercises

Summer 2

Full mock exam

Course teaching beginning 2024 year 11 details to be finalised regarding assessments

Sports Studies

FORMATIVE SUMMATIVE MOCK

	Year 10	Year 11
Autumn 1	<p>R186 – Task 1 Media Coverage of Sport. Deliver lessons on media sources from digital, broadcast and print medias.</p> <p>They have to identify whether they belong to a Gymnastics/Hockey/Athletics club.</p> <p>Students then need to do their own research coupled with information that I provide them to construct a report on how their chosen club can utilise various media sources mentioned above using examples from their sport.</p>	R185 Task 5 – review of leadership session to be completed. Task 3 - Session plan and RA level up ready for final submission.
Autumn 2	<p>R186 – Task 2 Positives of the Media on Sport</p> <p>Use information given to them by class teacher with their own research to write a report on the positives of the media on sport using examples from their clubs sport.</p>	R185 Task 1 & 2 completion.
Spring 1	<p>R186 – Task 3 Negatives of the Media on Sport</p> <p>Use information given to them by class teacher with their own research to write a report on the negatives of the media on sport using examples from their clubs' sport.</p>	R184 Topic Areas 1 & 2 delivery and end of unit tests to be completed. No mock exam to be completed.
Spring 2	<p>R185 – Task 3</p> <p>Students to start/complete risk assessments and sessions plans ready to deliver a session to year 7/their peers. They must establish various risk factors associated with their chosen location and a plan that has progressive/adaptable drills to encourage the learning of a particular skill within a chosen sport.</p>	R184 Topic areas 3, 4 & 5 completed. End of unit tests for each.
Summer 1	<p>R185 – Task 4 and Task 5.</p> <p>Complete a session which they have planned to a group of willing participants.</p> <p>Review their session, making comment on various components such as adaptability, timings, planning and how they could improve for the future.</p>	Final CNAT Sport exam – R184 to be completed on Wednesday 14th May 2025
Summer 2
