

Foundation topic list	Higher topic list
Simplify Algebra	HCF and LCM using venn
Convert Fractions, decimals and percentages	Probability of events
Converting metric units	Sketching graphs using a table of values
Factors and multiples	ratio a:b:c
Probability of events	Standard form (calculating)
Types of angles	Simplifying algebraic fractions
Bar charts, reading and interpreting	Solving inequalities
Plans and elevations	
Forming and solving equations	Similar shapes (lengths)
Rounding and estimating	Describing transformations
Calculating with fractions	Enlargement
Two way tables	Algebraic proof
Function machines	Direct and inverse proportion
Arithmetic with decimals	Estimating gradient from a graph
Ratio and proportion (recipe)	Recurring decimals to exact fractions
Stem and Leaf diagrams	Histograms
Sketching graphs using a table of values	Surds - rationalising
Standard form	Composite functions
Equations of lines $y=mx+c$	
Column vectors
